

Dear Honors Algebra II Student,

I am very excited that you have decided to accept the challenge of Honors Algebra II. Summer work is necessary if we are to complete the textbook, tackle more challenging problems during the year, and prepare for standardized tests (i. e., PLAN, ACT, PSAT, SAT, and EOC). In order to be prepared, you will need to complete the Lesson Quizzes for Chapter 1 . Homework Video Tutors are available for each chapter and section. Most of the problems are a review of Algebra I objectives and should look familiar to you. You should complete all of the lesson quizzes in Chapter 1 prior to the beginning of the Fall semester. There will be a test the first week of school to evaluate your mastery of this material.

Following is a list of supplies that you will need for this course: TI-83 graphing calculator (or TI-84 graphing calculator), 3 ring binder, pencil pouch, dividers (5 pack), notebook paper, graph paper (quad ruled), pencils (#2 and color), ink pens (black and red), and highlighter.

You may access the online assignments by the following:

URL: <http://www.phschool.com/math>

Web Code: aga-0101

Then , click at the top of the page – Go to Prentice Hall Mathematics Algebra 2 Student Home Page.

You will need to click on Chapter 1 Lesson Quiz . If you need help, go back to the Prentice Hall Mathematics Algebra 2 Student Home Page and click on the Homework Video Tutor for Chapter 1 for the specific section you need help on.

Have a great summer, but do not wait until August to begin your work. I am looking forward to working with you next year!!!

Sincerely,

Mrs. Suell
